A Few Words About Lodging...

Most hotels, motels and inns are relatively expensive all along the Jersey shore in August. Many require advance deposits and minimum two or three night weekend stays during the height of the summer season. There are very few hotels and motels that belong to the major chains in the area. Check inland away from the ocean and at the exits of major highways to locate the ones that are around. Unless you don't mind sleeping in your car in a Garden State Parkway rest stop, *make reservations!* Chances are pretty good that you won't find a motel at the last minute, and if you do find one you'll pay dearly for that room.

If you would like to stay close to the shore, check out <http://www.moreyhospitality.com/looding.htm> for lodging information in Wildwood. Or contact the Wildwood Chamber of Commerce, P.O. Box 823, Wildwood, NJ 08260 - 609-729-4000.

OK. Time for the serious stuff, so listen up. We're givin' it to youse Jersey-style:

The park will do its darndest to run all the rides and keep 'em open, but if weather, finicky machinery or other wacky things cause them to shut 'em down or not open 'em up, *deal with it!*

ACE has a Code of Conduct and expects you, as ACE members, to honor it. Youse understand honor, correct? This means no monkey business – youse follow the parks rules about cameras, safety restraints on rides, etc., and youse don't give nobody no lip. Got it? We thought youse might agree.

The State of New Jersey has LAWS about rider responsibility. You are the riders in question, so act responsibly or youse could be fined or maybe even go to jail. Youse don't wanna go to jail, now do ya?

Remember: have the courtesy to let us know by July 31st if youse are planning to attend this joyous event, or we might have to pay youse a visit at your place of residence!
